

Since an age of eleven years I am playing different instruments. It all started with the drums, followed then by the guitar, piano & bass. Last but not least I studied vocals for a while. My favourite musicstyles are all sorts of Classic-& Pop Rock. Beside of this I am a big fan of jazz and classical music. My first real steps in music business I took with my hardrockband 'ARREST', formed at a very young age in the mid/end 90s. ARREST released several CDs (Incarcerated, The Difference and Night Stalker). If you got the pleasure to listen to some ARREST Songs, please take a look at Arrest
During the time ARREST stopped a bit their live and recording ambitions, between 2008 up to the end of 2018, I found time to realize my own ideas in the project 'SAGGATTARIA'. A fairy tale about life after death....
The Saga started on my first same titled solo CD, released November 2008 and it continued on the CD 'THE LAST DANCE' (2011). My album 'SPIRIT'S FREE' (2015) and

honors Blues- & Classic Rock. After the blues period I returned to Classic-Rock with classical elements and traditional folk roots on the 'FIVE STEPS TO ZERO' album. The actual newest ALWIN SMOKE release will be my Guitar-Instrumental Classic- Rock album 'SIX STRING STORIES'. It reflects my deep love to the stratocaster guitar sound. Look out at 12th Nov '21. Starting from March 2023 the first singles of my new CD album 'The Calm Inside' are released. The complete album is shortly planned for 2023 / 2024.
